

Custom Printed Mailer Box Insert Assembly Guide

Size: 1 x2

Step 1: Fold the insert backwards along the scored lines carefully.

Step 2: Fold the insert in half along the two centre score marks so that the score marks are not shown.

Step 3: Fold the top panels into a rectangle shape that has an open edge at the bottom.

Step 4: Fold the bottom panels into a rectangle shape that has an open edge at the top.

Step 5: Place the insert into the box. Please note you may need to angle the left and right side panel slightly to position the insert into the box. Fold these panels back out to ensure the insert stays in place.

Step 6: Your Mailer Box with Inserts is now ready to go!
